[*D. Problem Results & Best Solution Awards*](#)

A. Overview

Congratulations for participating in the 2025 NACLO Invitational Round! Making it this far into the competition is an extraordinary achievement.

This year, we are excited to introduce a new **medal system**. All students who are selected for the USA and Canada Anglophone IOL teams will receive a Gold medal designation. Additionally, students who score above the mean will be awarded Honorable Mentions, while the cutoffs for the Silver and Bronze medal designation will be determined at the discretion of the Jury based on the overall distribution of scores.

These awards are intended to recognize outstanding performances, but regardless of the final results, reaching the Invitational Round itself is a remarkable accomplishment. We are proud of everything you have achieved so far, and we hope you take pride in your success!

B. Full Results

Note: Some values are rounded, so the scores shown for individual problems may not add exactly to the shown total.
