

(G) Signs from Above (1/3)

The Cistercians are an order of Christian monks still active today, who, for reasons including vows of silence, have developed rudimentary sign languages. Below are several words in the Cistercian Sign Language (each group of signs below is one word - each individual sign is labeled with a number) in arbitrary order, and their translations in English.¹

¹The particular variety of Cistercian sign language represented here is that of a monastery in the U.S.; signs in other communities may vary from those presented here.
